"I have a foreboding of an America in my children's or grandchildren's time — when the United States is a service and information economy; when nearly all the key manufacturing industries have slipped away to other countries; when awesome technological powers are in the hands of a very few, and no one representing the public interest can even grasp the issues; when the people have lost the ability to set their own agendas or knowledgeably question those in authority; when, clutching our crystals and nervously consulting our horoscopes, our critical faculties in decline, unable to distinguish between what feels good and what's true, we slide, almost without noticing, back into superstition and darkness."

GH ESTABROOKS: THE MILITARY APPLICATIONS OF HYPNOSIS

George H Estabrooks

Psychology professor [George H Estabrooks](#) was one of the early proponents of hypnosis. In 1943, he wrote [Hypnotism](#) in which he dedicated a chapter to the the discussion of the uses of hypnotism in warfare.

Following the outbreak of World War 2, Estabrooks was called to Washington by the War Department.

In March 1952, The CIA also took notice of Estabrooks' book and cited some passages in a memo.

"I can hypnotize a man — without his knowledge or consent — into committing treason against the United States. If I can do it, so could psychologists of other nations in the event of another war."

— [MEMO TO CHIEF, CONTACT DIVISION FROM \(DELETED\)](#) (ESDN: 0001108329)

On June 22, 1954 Estabrooks wrote a proposal to the CIA entitled **The Military Application of Hypnotism**. Although Estabrooks' name is blacked out, it's easy enough to compare the style and content to his 1971 article (below) to determine that he is the author.

He first outlines how he able to a create hypnotic messenger who have no memory of the message content or of having delivered said message.

"In deep hypnosis the subject, military or civilian, can be given a message to be delivered to say Colonel X in Berlin. The subject may then be sent to Berlin on any perfectly routine assignment. The message will be perfectly safe because

a. the subject will have no memory whatsoever in the waking state as to the nature and contents of the message.

b. it can be arranged that the subject will have no knowledge of ever having been hypnotized.

c. It can be arranged that no one beside Colonel X in Berlin can hypnotize the subject and recover the message."

In the 1960s, Lorenz (as well as Prigogine) used deterministic equations to simulate a weather model with three coupled nonlinear equations, only to find that the result of what would later to be named the "Lorenz Attractor" was to be a "phase portrait" whose trajectory it was impossible to predict. The "portrait" was painted in "phase space" by the random movements of a "few oscillations of increasing amplitude [i.e., octaves] around one point, followed by a few oscillations around a second point, then suddenly moving back again to oscillate around the first point and so on."²³ So the Chaos Theory (developed to explain weather patterns) describing chemical reactions and autopoiesis (the theory of cognition whereby an organism undergoes continued structural changes while maintaining its network pattern of organization) and fractal geometry have a common basis in that they are extensions of topology, which is a branch of geometry.

5) Sinewaves are the basis of all of the above and are the link between the geometry of form and human thought. A sinewave (which Fourier proved) underlies all other waves and, conversely, is a unique sum of sinewaves. Remember that an image (form) is a wave actualized in time and is the sum of the coefficients (numbers/frequency). So an image is a result of the other side of the "wave" coin - frequency. And frequency means repetition of a pattern (iteration) at the various levels (movement, which is the basis of the entire electromagnetic spectrum). The source of electric and magnetic fields is moving electrically charged particles [electrons], and these can be either positively or negatively charged.

A sinewave would be a metaphorical tool of explanation for the "material" (thought patterns) manifestation into three dimensions of the all-inclusive psychological realm of All That Is. Sinewaves are non-periodic, single harmonic partial (meaning that they contain only one frequency - no octaves or partials), pure tones. They underlie prime numbers per Riemann's Hypothesis, music, mathematics, science, language (as sound), etc. In fact, they underlie the entire electromagnetic spectrum; consequently, all of the world phenomena. Since thought displays e/m properties, it too is composed of sinewaves. The shape of a sinewave is designated by the part of a graph in the interval $[0, 2\pi]$.

The term "function", as it applies to the sinewave function, refers to a relationship correspondence or interrelation between the x and y coordinates on the Cartesian Graph. A function gives a rule for changing an arbitrary number into something else; the function $f(x) = x^2$ says to square any number x : if $x = 2$, then $f(x) = 4$.

Hebrew Letters used as Numbers

In some cases, especially in dates and in Bible references, Hebrew letters can function as numbers. For example, Aleph can stand for the number 1, Bet for 2, and so on. For a review of the numeric values for letters, [click here](#).

I created the following matrix to help you easily identify numbers when expressed using Hebrew letters:

9	8	7	6	5	4	3	2	1	Multiples of 10	
ט	ח	ז	ו	ה	ד	ג	ב	א	י	10
יט	יח	יז	יז	טו	יד	יג	יב	יא		
כט	כח	כז	כו	כה	כד	כג	כב	כא	כ	20
לט	לח	לז	לו	לה	לד	לג	לב	לא	ל	30
מט	מח	מז	מו	מה	מד	מג	מב	מא	מ	40
נט	נח	נז	נו	נה	נד	נג	נב	נא	נ	50
סט	סח	סז	סו	סה	סד	סג	סב	סא	ס	60
עט	עח	עז	עו	עה	עד	עג	עב	עא	ע	70
פט	פח	פז	פו	פה	פד	פג	פב	פא	פ	80
צט	צח	צז	צו	צה	צד	צג	צב	צא	צ	90

רט	רח	רז	רו	רה	רד	רג	רב	רא	ר	200
שט	שח	שז	שו	שה	שר	שג	שב	שא	ש	300
תט	תח	תז	תו	תה	תד	תג	תב	תא	ת	400

Note:

The numbers 15 and 16 are not written as you might expect (i.e., as Yod + Hey and Yod + Vav, but rather as Tet + Vav and Tet + Zayin) in order to avoid irreverently writing the sacred Name of God. This includes larger numbers such as 115, 216, and so on.

יהוה

Note:

The Hebrew sofit letters are also assigned numeric values: Kaf (500), Mem (600), Nun (700), Fey (800), and Tsade (900) as part of mispar gadol gematria..

Examples:

Number	Combination
7	Zayin
19	Yod (10) and Tet (9)
93	Tsade (90) and Gimmel (3)
115	Qof (100), Tet (9) and Vav (6)
613	Tav (400), Resh (200), Yod (10), and Gimmel (3)
757	Tav (400), Shin (300), Nun (50), and Zayin (7)

“The black magician cannot use the symbols of white magic without bringing down upon himself the forces of white magic, which would be fatal to his schemes. He must therefore distort the hieroglyphs so that they typify the occult fact that he himself is distorting the principles for which the symbols stand. Black magic is not a fundamental art; it is the misuse of an art. Therefore it has no symbols of its own. It merely takes the emblematic figures of white magic, and by inverting and reversing them signifies that it is left-handed.

The pentagram is used extensively in black magic, but when so used its form always differs in one of three ways: The star may be broken at one point by not permitting the converging lines to touch; it may be inverted by having one point down and two up; or it may be distorted by having the points of varying lengths. When used in black magic, the pentagram is called the “sign of the cloven hoof,” or the footprint of the Devil. The star with two points upward is also called the “Goat of Mendes,” because the inverted star is the same shape as a goat’s head.”

– Op. Cit

hey, listen to your emotions...

Bitterness shows you where you need to heal, where you're still holding judgments on others and yourself.

Resentment shows you where you're living in the past and not allowing the present to be as it is.

Discomfort shows you that you need to pay attention right now to what is happening, because you're being given the opportunity to change, to do something different than you typically do it.

Anger shows you what you're passionate about, where your boundaries are, and what you believe needs to change about the world.

Disappointment shows you that you tried for something, that you did not give in to apathy, that you still care.

Guilt shows you that you're still living life in other people's expectations of what you should do.

Shame shows you that you're internalizing other people's beliefs about who you should be (or who you are) and that you need to reconnect with yourself.

Anxiety shows you that you need to wake up, right now, and that you need to be present, that you're stuck in the past and living in fear of the future.

Sadness shows you the depth of your feeling, the depth of your care for others and this world.

When you Realise that the ROTHSCILDS Funded the MLK's Civil Rights Movement you begin to get a Gimpse of this whole Social Science Experiment. Domination Power and Control is rarely gained through war... **#RECOGNIZE THE DISTRACTIONS**

Most Americans scoff at the mention of conspiracy but their country was created by Freemasonry and they don't have a clue. Freemasons drafted the Constitution and signed the Declaration of Independence. Masons disguised as Indians dumped the tea in Boston harbor. Paul Revere and his Minutemen, George Washington and most of his generals, all were Masons...

Freemasonry is the Church of Lucifer masquerading as a mythical philanthropic order. It fronts for Illuminati (Masonic & Cabalist Jews) central bankers who started the US as a vehicle to advance their New World Order.

In the words of Masonic elder Manly P. Hall, "We must also perfect the plan of the ages, setting up here the machinery for a world brotherhood of nations and races." (*The Secret Destiny of America*, 1944, p.3).

The Freemasons provided Americans with still valid ideals — civil liberties, equal opportunity and no taxation without representation. But they were enticements designed to win power. As you might have noticed, these promises are not being kept.

RACISM:

The belief that your DNA is special, granting you superiority and the right to rule over others who are different.

EXPLAIN THE DIFFERENCE

"An important example which proves the fact that Darwinism is one of the biggest deceptions of atheistic freemasonry is a resolution carried in a mason meeting. The 33rd degree Supreme Council of Mizraim Freemasonry at Paris, reveals in its minutes its promotion of

evolution as science, while they themselves scoffed at the theory. The minutes read as follows: 'It is with this object in view [the scientific theory of evolution] that we are constantly by means of our press, arousing a blind confidence in these theories. The intellectuals will puff themselves up with their knowledge and without any logical verification of them will put into effect all the information available from science, which our agentur specialists have cunningly pieced together for the purpose of educating their minds in the direction we want. Do not suppose for a moment that these statements are empty words: **think carefully of the successes we arranged for Darwinism.**' Atheistic freemasonry in the United States has picked up the resolution of Mizraim before long. New Age magazine in its March 1922 issue stated that the kingdom of atheistic freemasonry will be established by evolution and the development of man himself. As seen above, the false scientific image of evolution is a deception set in the 33rd degree atheist Masonic lodges. Atheist masons openly admit that they will use the scientists and media which are under their control to present this deception as scientific, which even they find funny." - Harun Yahya, "The Fundamental Philosophy of Atheistic Freemasonry"

The Oscars took place on February 25th and a bunch of movie people went home with these statuettes. Do they know that the Oscar statuette is probably an art-deco version of the classic depiction of the creator god Ptah? In the Egyptian mythology, Ptah also takes the form of the funerary god Sokar – an important figure of Egyptian magic. Try switching the first two letters of Sokar. (Hint: Oskar).

**PRETEND TO BE OPPONENTS, CHOREOGRAPHED

ANY QUESTIONS?**

An FBI internal memo from 1968 mentions -

" the employment of the Grateful Dead as an avenue 'to channel youth dissent and rebellion into more benign and non-threatening directions".

[They] performed a vital service in distracting many young persons into drugs and mysticism, rather than politics..."

THIS SAME STRATEGY IS EMPLOYED TODAY...

What we have is an ongoing secret war by the central bankers against society, a drumbeat of psychological torture designed to keep society off balance and zoned out.

So many people in today's world have centered their entire idea of happiness around one thing- money. We always seem to think the richest are the happiest because they can buy anything they want, but that is where we are wrong. Money can only buy tangible things that make us think we are happy, but the happiness we get from such things is only temporary. Is anything we purchase going to make us truly happy? No. If so, it is just an illusion and we must train ourselves to see beyond that material happiness. When this life is over, no one will remember you for the things you had, but instead the type of person you were. We may need money to live in this world, but do not make it the source of your happiness. There is more to life than the dollar sign and that is something we all need to realize. The best things in this world can not be bought. The key to happiness is beyond the touch and far beyond the price tag. Always remember, some people are so poor that all they have is money.

A man with dark hair, wearing a dark jacket over a light-colored shirt, is speaking into a microphone. He is gesturing with his right hand, which is raised and open. The background is dark and out of focus, suggesting an indoor setting like a stage or a recording studio. A quote is overlaid on the image in a white, bold, italicized font.

***"I do not believe
making money in order
to consume goods is
mankind's sole
purpose on this
planet."***

"Their script is now written, subject only to last minute editing and stage-directions. The stage itself, albeit as yet in darkness, is almost ready. Down in the pit, the subterranean orchestra is already tuning up. The last-minute, walk-on parts are even now being filled. Most of the main actors, one suspects, have already taken up their roles. Soon it will be time for them to come on stage, ready for the curtain to rise.

*The time for action will have come." (From **The Armageddon Script**, by Peter LeMesurier, St. Martin's Press, 1982: New York, p.252).*

One could easily think the above paragraph came from a Hal Lindsey book warning Christians of the evil that is to come. Incredibly, such is not the case. The above quote is the summation of *The Armageddon Script* by Peter LeMesurier a noted pyramidologist/occultist. It is a how-to manual for New Agers and intellectuals interested in staging a simulated second coming of Christ. The script they write, if successfully staged, could deceive "even the very elect."

Sacred Tree

Hebrew
Kabbalah

According to the Hebrew system of Qabbalism, the Tree of the Sephiroth was divided into two parts, the upper invisible and the lower visible. The upper consisted of three parts and the lower of seven. The three uncognizable Sephiroth were called Kether, the Crown; Chochmah, Wisdom; and Binah, Understanding. These are too abstract to permit of comprehension, whereas the lower seven spheres that came forth from them were within the grasp of human consciousness. The central panel contains seven triads of figures. These represent the lower Sephiroth, all emanating from the concealed threefold crown over the throne."

The divisions of the tree consist of:

- *Keter* - "Crown": Divine Will to create/Infinite Light of the Creator/the Hebrew name of God "Ehyeh Asher Ehyeh-I Am that I Am"
- *Chochmah* - "Wisdom": First unbounded flash of an idea before it takes on limitations/male light/Divine Reality/first revelation/creation from nothingness
- *Binah* - "Understanding": the infinite flash of Chochmah brought into the vessel of understanding to give it grasp of breadth and depth/feminine vessel that gives birth to the emotions/reason/understanding brings teshuva return to God
- *Daat* - "Knowledge": Central state of unity of the 10 Sephirot, also called the Tree of Life. ^[citation needed]
- *Chesed* - "Kindness": Loving grace of free giving/love of God/inspiring vision
- *Gevurah* - "Severity": Strength/judgment/intention/withholding/awe of God
- *Tiferet* - "Beauty": Symmetry/balance between Chesed and Gevurah in compassion
- *Netzach* - "Victory"
- *Hod* - "Splendor": Withdrawal/Surrender/sincerity
- *Yesod* - "Foundation": Connecting to the task to accomplish/wholly remembering/coherent knowledge

WHAT YOU BELIEVE TO BE TRUE, IS IT TRUE ? OR DO YOU BELIEVE THAT IT'S TRUE BECAUSE YOU WERE JUST TOLD IT IS TRUE AND NEVER LOOKED ANY FURTHER

The **middle finger salute**. The middle finger is known by various names: *medius*, *digitus impudicus* (immodest finger), *digitus obscenus* (obscene finger), *digitus infamis* (disreputable finger), and fool's finger. It is the finger of the planet Saturn. When extended solitarily while the other fingers folded, the middle finger represents the phallus of the sun god Baal, Ra or Nimrod, as does the thumb, and the folded fingers in this pose represent the testicles. It is often regarded as an obscene gesture. This finger of Saturn (Satan) symbolises the borderline state between consciousness and the unconsciousness.

The Big Bang theory is easily proven false as the nature of explosions is to destroy, to break things down into their constituent parts, increasing chaos and decreasing order;

entropy

explosions simply do not and cannot create things, causing disparate parts to combine into more ordered wholes as the Big Bang theory contends. Similarly, the theory of evolution is proven false by entropy, the second law of thermodynamics. It is a fact that systems left to their own devices tend to become corrupted, disordered and dispersed over time. All things, living or not, wear out, deteriorate and decay. They do NOT spontaneously come together over time, in incredibly implausible combinations creating diverse, complex and beautiful living forms! Thus the theory of evolution is in direct opposition to the law of entropy; Evolution supposes things become more ordered, more structured and more complex over time, but from rust to mould to rotting corpses, nature is everywhere at odds with such a notion. Furthermore, according to the Le Chatelier Principle in chemistry, life could not have been formed in the sea as evolutionists allege anyway; since the peptide bond created by amino acid chains produces water molecules, it is not possible for such a reaction to take place in a hydrous environment.

Input from readers:

One reader found that Nazareth also lies on a pyramid angle. However, this is the pyramid facet angle of 51 degrees and 51 minutes applied east from due north of the Great Pyramid. The Christ Angle of 26.3 degrees through Bethlehem was applied from due east to the north. But what may be also interesting is that Megiddo (Armageddon) is a more direct hit with this measurement...

SOPHISTICATED FORMS OF SLAVERY,

DO NOT NEED WHIPS AND CHAINS.

This shadowy black energy creature stood about 9' tall. It had to bend over to stand in the child's bedroom.

The body was curved in the armpits and not as sharply defined as would be expected of a physical being. The head was small in proportion to the body. The eyes glowed white. The being moved as if in slow motion and seemed electronic.

This bedroom visitation occurred in 1969 or 1970 to a 5 year old boy.

The creature carried a black cube or box which seemed electronic. The boy's mother felt the creature intended to harm him with the box. When she told her son that the being could not harm him it disappeared with a rapid shift of energy.

No flash of light or obvious special effects.

SWEDISH PROVERB

Although the US Navy subsequently denied the reports of telepathic testing on atomic submarines, the Soviet hierarchy apparently heeded **Doctor Vasilev**'s advice and gave support, both moral and financial, to his dynamic view that:

"The discovery of the energy underlying telepathic communication will be equivalent to the discovery of atomic energy."

...In 1963, Doctor Vasilev claimed to have conducted successful long-distance telepathic experiments between Leningrad and Sevastopol, a distance of 1200 miles, with the aid of an ultra-short-wave (UHF) radio transmitter. As a result, Doctor Vasilev was convinced that his experiments, and those he conducted jointly with the Moscow-based *Bekhterev Brain Institute*, offered scientific proof of telepathic communications. His next goal was to identify the nature of brain energy that produces it...
